President Eisenhower, the top man in the land, meets a top specimen of the top breed in the land. Here he is seen with Brucey, the grand champion over 240 junior steers of all breeds at the 1954 Illinois state fair. Bonigail Bivin, Waverly, Illinois, proudly poses her charge for the President and Governor William Stratton of Illinois.

SALE MANAGER—Hal Longley, 16 S. Locust St., Aurora, Ill.

Four sweet females bred at Connieland Farms and sired by bulls that are owned jointly by Ralph W. Bivin and Ben W. Lake. Other females bred exactly like these are included in this sale.

Welcome to Lakeside . . .

All who know me are aware that I am one of the world's greatest boosters for Shorthorn cattle. Shorthorns have been good to me, have helped me pay for my land, have brought me a wide circle of wonderful friends, and have provided me with an absorbing interest.

Although I do not expect to ever lose my interest in Shorthorns and the people who produce them, the time has arrived when I must curtail my activities. Accordingly, my entire herd will be dispersed by public auction on November 14th. It is my firm belief that this sale is being held at a time when the herd has reached its peak of efficiency and quality. I shall offer them with great pride.

Throughout my career as a breeder, my greatest satisfaction has come from supplying worthy boys and girls with calves that would carry them to the top in junior club competition. I do not intend to overlook their needs in this dispersion sale. Twenty of the cows have 1957 calves of very high quality at foot. Whenever the request is made, we will split these pairs and sell the calves separately so that junior club members may have equal buying opportunities.

I have the great satisfaction of knowing that my cattle have made money for me and for all who have bought them. I am pleased to have my neighbor and very good friend Ralph Bivin associated with me in this sale and I am glad to recommend his cattle right along with my own.

BEN W. LAKE.

Connieland Mandarin and Marellbar Pre-former, owned jointly by Ralph Bivin and Ben Lake. Photographed as yearlings.

A Word From the Sale Manager . . .

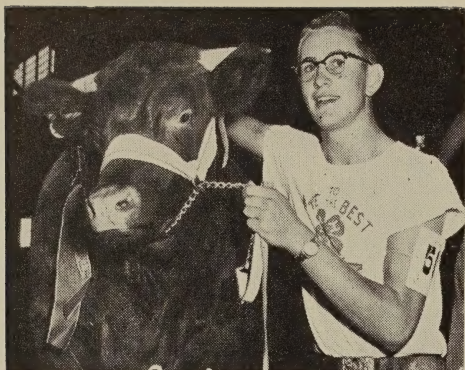

No two men believe more heartily in the merits of Shorthorn cattle than Ben W. Lake and Ralph W. Bivin and, because their productions have been excellent and their business ethics high, no two men enjoy a finer reputation in the industry.

The announcement that Ben W. Lake is retiring from the business will be met with regret by all who know him and have dealt with him. His Lakeside Herd is known everywhere for the dependability and quality of its productions. Lakeside Shorthorns are to be found in top herds throughout the country where they have performed perfectly. Never large but always closely culled and with no loafers, the herd is at peak strength today. Two very good yearling bulls will sell along with 36 mature females that have 24 grand 1957 calves at side, a total of 62 head of richly bred Shorthorns. The cows are excellent and the calves are perfect for junior club projects.

Ralph W. Bivin, who has owned bulls jointly with Ben Lake and whose herd enjoys an equally fine reputation, will consign 7 good serviceable age bulls and 5 very choice females to this sale.

If you are looking for Shorthorns with size, quality, and utmost dependability, this sale deserves your attention. It is a sale where the cattle and the men behind the cattle can be recommended to the highest degree.

HAL LONGLEY of The Shorthorn World.

The steer pictured at the left was reserve grand champion over all breeds at the 1953 Illinois State Fair. He was bred by Ben W. Lake, sired by Divide Waverly and exhibited by Louis H. Leinberger, Petersburg, Illinois.

The Lakeside Dispersal

On the following pages are to be found the pedigrees and descriptions of the mature animals that make up today's Lakeside Herd. Although only 38 pedigrees are shown, it should be remembered that the herd totals 62 head. Four cows have baby calves that must sell with their dams. Twenty others, however, have calves born earlier in 1957. These calves are already registered and their names, numbers, colors, ages, sire and dams are given in the proper places throughout the catalog. All of the older calves in this group will be sold separately from their dams so that junior club members may have equal buying opportunities.

Ben Lake is one of the best cattlemen in Illinois and one of the most discerning and critical of his own productions. His very uniform herd traces to just a few top foundation females, all of which had to prove themselves thoroughly reliable in order to hold their places in the herd. It is the kind of a herd that most midwestern farmers dream of owning. The dispersion of such a herd provides buying opportunities seldom offered.

LAKESIDE LADY GOLDDROP 105th—A daughter of Marellbar Preformer and out of Lakeside Lady Golddrop 92d that sells as Lot 33 in this sale.

The cows in the Connieland Herd are uniform, of good type and all are good mothers. Here are a few of them.

A black and white photograph of three black cows standing in a grassy field. The cows are positioned in the foreground, facing the camera. Behind them is a white wooden fence, and further back is a large, leafy tree. The scene is set outdoors on a bright day.

The Connieland kind. Animals
closely related to these will sell
in this sale.

All lovers of Reds, Whites and Roans were proud of the Shorthorn Lassie Queens at the 1956 International but Illinois breeders were proudest of the Illinois queen, Miss Bonigail Bivin, Waverly, Illinois. Here she is with one of the prize winners at Chicago.

I have always been one of the greatest admirers of Ben Lake and I am proud to sell my cattle with his in this sale. My own herd at Connieland Farms began a good many years ago with a red Shorthorn heifer calf . . . my original 4-H Club project. Through eleven years of 4-H, the depression, and later higher times, our Shorthorns have been a pleasure and profit.

In this sale we are selling seven bulls and 6 heifers, just a few of our 1956 crop. We are proud of the quality of these cattle and the pedigrees will indicate that they are backed by strong blood.

Ralph W. Bivin.

CONNIELAND PREFORMER 17th—Here is the bull we carried over from 1956 to back up his sire. He is very thick, low set, with plenty of size and lots of bone. We have used him liberally during 1957 and have several cows in calf to him. Study his pedigree then be sure to look him over.

What more pleasant sight is there than a pair of beautiful Shorthorn heifers in front of an American farm home. The home is that of Ralph W. Bivin, owner of Connieland Farms. The heifers are Connieland Beauty 14th, right, the dam of Lot 40, and Connieland Starlight 2d, left, both of Uppermill Lochter. The latter is from the same family as Lot 41. They are the Bivin kind.

Standard Guarantee

OF

AMERICAN SHORTHORN BREEDERS

ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
